A message from the tournament organiser - Laura Ginnan

I would like to extend a warm welcome to you to join our inaugural Congress. At the heart of the event and its planning is the goal of delivering a top quality event that is full of fun, smiles and opportunities for all.

The Congress begins with a full day of development workshops by the powerhouse teaching trio of Peter Hollands, Mary Elson and myself. We then move into the ever-popular Swiss Pairs format which features one of the rare opportunities for newer players to compete in their own under 20 Masterpoint section - this is a great chance for newer players who might even be dipping their toes in the Congress scene for the first time. On Saturday, the Graded Pairs event divides the field into sections so that pairs only compete against nine other partnerships who are all of a similar skill level. This will mean that less experienced players feel right at home and the sharks will be vying for top honours in a great field. Rounding out the program on Sunday is my personal favourite - Swiss Teams.

The creative and carefully curated event program isn't the only thing a little outside of the box. We'd love to see a great turnout of players from outside the metropolis and are pioneering a Billeting Program to match up metro players with a spare room(s) with regional players who would enjoy staying with fellow bridge players. The billeting program will make it that bit easier for regional players to join and we will also be providing a small fuel subsidy to players from afar to help with the costs of attending.

Whether this will be your first Congress or your 100th, I look forward to delivering a great event for you and hope that you will support our inaugural Congress with your attendance.

Entries are taken on our website at www.realdealbridge.com/congress. The website is also filled with great information to find out more about the events and plan your weekend.

Please don't hesitate to reach me at laura@realdealbridge.com or on 0411 694 248 (email preferred) if you have any questions, are looking for a partner/teammates, or would like to be involved in the Billeting Program.
